Job Id: **262.1-025625-1**
Certificate No: **TAS0000106**

Product description

Modular Lighting System integrated in Helicopter Landing net. It is tightened to the net and does not require to be fixed to the deck structure.
Manufacturer is Frictape Net OÜ, Estonia

Application/Limitation

Qualified for hazardous area zones 1 and 2.
Ambient temperature -30°C to +55°C (T5) / -30°C +40°C (T6)
Control Box and Distribution Box shall be delivered with ATEX certificates according to zone classification.

Type Approval documentation

Tests carried out

Internal prototype tests were performed by the manufacturer for resistance to fluids. CAP 437 photometric tests were performed by DIAL GmbH. Environmental tests were performed by 3rd party laboratory VTT Expert Services.

Marking of product

Product shall permanently marked to ensure good traceability.

Periodical assessment

For retention of the Type Approval, a DNVGL surveyor shall perform a survey after 2 years and another one after 3,5 years (+/- 90 days), to verify that the type approval is complied with.
