Senior Specialist to Lloyd's Register  
Classification Society (China) Co Ltd  
A member of the Lloyd's Register group

Lloyd's Register Group Limited, its affiliates and subsidiaries and their respective officers, employees or agents are, individually and collectively, referred to in this clause as 'Lloyd's Register'. Lloyd's Register assumes no responsibility and shall not be liable to any person for any loss, damage or expense caused by reliance on the information or advice in this document or howsoever provided, unless that person has signed a contract with the relevant Lloyd's Register entity for the provision of this information or advice and in that case any responsibility or liability is exclusively on the terms and conditions set out in that contract.

## Type Approval Certificate

### Other Conditions

Where the tapes are intended to be installed in a ship classed or intended to be classed with LR, the followings are to be complied with:-

1. Use is restricted to easily accessible positions where the integrity of the application may be inspected regularly and new covering applied after removal for maintenance purpose.
2. The manufacture's instruction and application method is to be utilized for all installations.
3. Restricted to oil pressure pipes located above the platform which have no insulation in way of the joints.
4. Type approval does not eliminate the need for normal inspection survey procedures required by the Rules and Regulations.

This certificate is not valid for equipment, the design, ratings or operating parameters of which have been varied from the specimen tested. The manufacturer should notify Lloyd's Register Classification Society (China) Co Ltd of any modification or changes to the equipment in order to obtain a valid Certificate.

The Design Appraisal Document and its supplementary Type Approval Terms and Conditions form part of this Certificate.
